THE MALAYSIAN WATER ASSOCIATION NRW Forum on Challenges & Way Forward

The objective of this forum is to provide a platform for industry players and stakeholders to discuss and focus on the development, progress and challenges faced by the water industry on the reduction of NRW in their respective states. Through this forum, MWA hopes it will be a channel for information sharing related to policy direction, implementation and technological challenges and obstacles faced by water service providers so that it will help the industry towards achieving sustainability. The results of this forum will be recorded and the forum recommendations will be forwarded to the Ministry of Water, Land and Natural Resources (KATS) for attention and follow-up actions.
